Profile

Courteous and enthusiastic, I am keenly interested in Tech, Engineering, and everything in these orbits. I recently began to be fascinated by web programming and have continued developing apps and building websites.

Numerical and IT Specialist also super skilled with Data Analysis, Microsoft Suite, Excel, Microsoft Word, and Project management.

I have advanced analytical, problem-solving and collaboration skills.

In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements.

Dear Team Lead,

I am writing to express my interest in joining your team as a FullStack web Developer. In my three years experience as a Full Stack developer with Adexfe Systems and Chesroc, I have honed my CSS3, HTML5 and JS skills, as well as my knowledge of mobile and responsive design.

I have experience in product design, User Interactions and Experience and have utilized various Frontend and Backend technologies to create and stellar Office management suite that's currently deployed and in production.

Finding simple solutions to seemingly complex problems is truly my passion and I am confident I would be an excellent addition to your organization.

I may be reached anytime via my cell phone, or by email at blazzjosh@live.com.

I look forward to a meeting with you to further discuss innovations, new ideas and possibilities

Sincerely

Horsfall Josh
