# Josh Horsfall

A skilled web developer with an engineering background, seeking a full-time role where I can play a part in a company's drive to achieving set success goals.

## Experience:

### Senior Frontend Web Developer

Adhoc Plus  
2019 - Current

*NodeJS, ExpressJS, MySQL,  
GitHub, Svelte, SvelteKit.*

This is a part-time role that trains my project management skills as I continue to design, develop, and ship web solutions enterprise & SMEs using MVC architecture, RESTful patterns, and object-oriented design patterns.

### Full-Stack Web Developer

Chesroc Nigeria Limited  
2018 - 2021

*NodeJS, ExpressJS, MySQL,  
Sequelize, GitHub, Svelte, Sapper*

In this Full Time, role I was responsible for managing and maintaining internal web application as well as servers, aws instances, spinning up server instances. I also:

- Developed and deployed **CloudDocs** – A permission-based cloud storage web solution for office use.
- Developed and Deployed **CaterGO** - A catering web application with inventory used in offshore locations.
- Conducted user trainings for application adoption & usage.
- Managed contracts and SLAs

### IT Support and Internship

Adexfe Systems  
2017

*ColdFusion, MySQL, Java, GitLab,  
Navicat -Full Time*

Basic internship as IT support serving as first point of contact for client queries.

- Learned and used ColdFusion, wrote complex SQL queries to graphically visualize data sets and developed periodic reporting modules.
- Collaborated with IT team to implement new feature development.
- Respond to customer/client queries and close query tickets.
- Maintained company's corporate website and social media accounts

Prior to my career switch into web development, I held management, contracting, engineering procurement and logistics roles.

Branch Manager	Contracts and Procurement	Procurement and Logistics Officer
Chesroc Nigeria Limited 2020 - Current	Chesroc Nigeria Limited 2019 -2020	Ontime Procurement 2018 - 2019
Responsible for overseeing branch operations, staff activities and office resources.  I also analyze financial records, plan, follow and report budgets revenue, and expenditure to the Managing Director.	Responsible for contract negotiations, product sourcing, purchasing and supply chain management.  - Receive client's request and source for quotes, comprehensive costing analysis and prepare bid and respond to client's request.	Responsible for Supply chain management, product sourcing, purchasing and delivery to clients' offshore and onshore locations  - Carried out Bid Analysis Issued Purchase orders Tracked and delivered orders offshore.
